

BOARD MEETING DATE: Oct 15, 2024

ITEM NO: VI-C _____

RECOMMEND THAT the District Board of Trustees approves the revised and updated General Education course offerings.

THIS RECOMMENDATION fulfills statutory requirements from Sections (ss.) 1007.25 and 1007.55, Florida Statutes (F.S.) requiring all public postsecondary institutions to annually review their general education course offering to ensure compliance with the content, principles, and standards required for general education courses in the state of Florida.

While this review was previously conducted and approved by the NFC Board of Trustees in June 2024, the Florida College System has since requested some updates which requires the re-approval by the NFC Board.
